

## The NSW Women's Health Summit aims to...

- Highlight the principles and research that inform Women's Health practice.
- Strengthen partnerships that will inform the NSW Women's Health Strategy.
- Showcase projects and innovation in service provision, system change and health outcomes.

This one day summit is being organised by a collaborative partnership of NGO Women's Health Centres and NSW Area Health Service Women's Health Coordinators/Managers.

The program of keynote speakers will be supported by a display of:

- Posters
- Information tables
- Visual presentations of innovative programs/projects
